

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	Egg Cost	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
[the number of eggs purchased]	[the program finds the the amount of eggs and sorts it into dozens and then takes the left over eggs and prices them at 1/12 the price]	[the cost of the eggs]

IPO CHART

Program name:	[PaperCopies]	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
[the number of paper copies to be printed]	[the program take the amount and sort it into the price ranges]	[it will output the price per copy, and the total price]
