

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	house	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
[nothing it is a preset program]	[it will see that you ran the code then it will get ready to launch]	[the user will output the house]

IPO CHART

Program name:	IsoTraingle	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
[the user inputs the size of the triangle]	[the program will look at the size of the input then it will take that number and create that many lines, and while doing that it will add spaces]	[the screen will show the triangle at the amount of lines that the user inputs]
